NOTICE TO CANDIDATES FOR THE PRECIS-WRITING TEST.

The following instructions are published in order that candidates may know what is expected of them in this test :—

Instructions to Candidates.

The object of a precis is that any one who has not time to read the original correspondence may, by reading the precis, be put in possession of all the leading features of what passed.

2. The candidate should begin by reading the whole of the correspondence carefully through without writing anything, so that he may clearly understand what passed and be in a position to decide what are the main heads under which the important facts should be arranged. He should then read through the paper again marking what is important.

3. The precis should begin with a brief and lucid introduction to the subject under treatment. This should be followed by a narrative in the past tense containing a brief and clear statement of the contents of the correspondence, *not* in the order of the papers nor even necessarily in chronological order, but in *logical* order. An abstract of every paper in the correspondence or an index of its contents is not a precis.

4. The merits of a precis are—

(1) to contain all that is important in the correspondence and nothing that is unimportant ;
(2) to present this in a readable and consecutive shape, expressed as intelligibly and distinctly as possible ;
(3) to be as brief as is compatible with completeness and clearness ;
(4) to present a strictly accurate and logically connected statement of the contents of the correspondence.

No candidate can expect to pass who omits any one of the more important points ; marks will be deducted if unimportant points are included or if facts are repeated unnecessarily ; *e.g.*, it is not ordinarily necessary to give the date of every paper in the correspondence and the full name and designation of the writer or recipient of every letter ; and if a fact is repeated in different papers it need not generally be noted more than once in the precis.

8. Grammar, spelling, style and handwriting will be considered in assigning marks; but it must be remembered that mere excellence in composition will not compensate for inaccuracy or incompleteness in the presentation of the facts of the correspondence.

THE FIRST SCHEDULE.

[*See section 7 (2)*]

Ordinary members of the first Syndicate.

THE SECOND SCHEDULE.

[*See section 8 (5).*]

Ordinary Fellows of the first Senate.

STATEMENT OF OBJECTS AND REASONS.

This Bill is intended to provide the legislative sanction necessary for the constitution of a University at Patna. A scheme for the establishment of such a University was prepared in 1913 by a large local Committee and published for general criticism. This scheme, after being in some respects modified in the light of public criticism, and the views of the Local Government has received the approval of the Secretary of State, and forms the basis of the present Bill.

The University contemplated by the Bill will be primarily a residential and teaching University located at Patna. In view, however, of the existence of Colleges in other parts of the Province, and the local feeling in favour of their retention, it is provided that, in addition to the Colleges at Patna, the University should comprise Colleges situated at four other centres, and the Bihar National College at Bankipur. The Colleges at Patna, which will be known as Colleges of the University, will be under the direct control of the Syndicate in matters of education, and of a whole-time Vice-Chancellor in matters of discipline, while the other or 'external' Colleges will be subject to general supervision and inspection by the same authorities on lines generally similar to those governing the relation of affiliated Colleges to a University under the Universities Act of 1904.

The constitution of the new University will enable the Province of Bihar and Orissa to obtain a University of its own, and will effect some reduction in the large number of students now under the jurisdiction of the University of Calcutta.
